10 CENTS PER WEEK

THE COUNTY SWEEP BY WIND AND RAIN

Heavy Storm Passed Over the
City Shortly After Midnight.

The Creeks are all Swollen and Some
of the Roads Damaged
by Rain.

NO SERIOUS LOSS REPORTED

Another heavy rainstorm swept over
the city shortly after 12 o'clock last
night, and was accompanied by con-
siderable wind. The rain continued
for some little time, and according to
the government observer, Mr. Wm.
Bornemann, amounted to 1.10 inches.

The rain in the lower part of the
county was the heaviest on record, ac-
cording to telephone messages from
that section, and did considerable
damage to fences, and roads but fortu-
nately to none of the bridges and cul-
verts.

The county road supervisor began
early this morning to investigate the
extent of the damage and found that it
will not be large to the county roads,
and no damage at all to the bridges is
reported.

Massac creek is out of its banks and
other creeks were swollen until they
threatened great damage. The wind
did practically no damage. There
was quite a flurry down about the
wharf, but fortunately no damage was
done, and if any of the tie barges be-
low at Brookport and Joppa suffered
no notice was received here. The tie
men are all on the look out for such
storms this time of the year and keep
their barges securely tied.

Those who were so unfortunate as
to have to be out in the storm, such as
police officers and others who work at
night, say that the rain and wind
seemed to increase into a veritable cy-
clone, and they expected great dam-
age to be done. They were surprised
to learn after the force of the wind
had subsided that the damage, espe-
cially in the city, was inconsequen-
tial.

County Road Supervisor Johnson
will have men at work at once to re-
pair the roads where the damage is
such as to impede traffic, if such
places are found. The greatest dam-
age it seems from reports from every
part of the county, was from the rain
itself.

The telegraph and telephone com-
panies in the city did not have any
wires down except those to St. Louis
and Chicago. Those in this section
stood the storm well.

REBEL LEADER

General Arras Caught and Ex-
ecuted.

End of the San Domingo Revolution
is in Sight.

Santo Domingo, March 25.—Gener-
al Arras the insurgent leader who
gave orders to shoot Machinist John-
son aboard the gunboat Yankee Nov.
1, was captured by Government troops
Wednesday and after a drum head
court martial, was sentenced to death
immediately and shot. The end of
the revolution is fast approaching.

CANINE DOOMSDAY.

IMPOUNDED DOGS WILL BE
DROWNED NEXT TUESDAY.

Since Chief of Police James Collins
has been waging war against the un-
licensed dogs, something like 20 have
been taken up and placed in the pound
in the rear of the city hall.

The dogs will be kept until about
Tuesday and all owners who have not
called and paid the license in order
to secure the release of their pets, will
lose them, the dogs being drowned on
that day.

MUZZLED THE PRESS

Correspondents are Closely
Watched in Colorado.

Miners and Strikers Are Ordered From
the District.

Denver, Col., March 25.—Captain
Wells has established a press censor-
ship at Telluride besides which that
enforced by Russian and Japan pales
into insignificance.

Every newspaper correspondent is
watched incessantly and guards at
the telegraph and telephone offices see
that no news concerning the military
administration in the county goes out.

Yesterday ten strikers and their
families were ordered from their
homes in a howling blizzard.

OTHERS MUST LEAVE.

Telluride, Col., March 25.—It is un-
derstood that Captain Wells will today
order more miners and strikers from
the district. A majority of the exiles
are property owners.

WARD MUST SERVE

THE FORMER TENNESSEE ODD
FELLOW'S CASE AFFIRMED.

Nashville, Tenn., March 25.—The
sentence of Homer D. Ward to ten
years' imprisonment for having or-
ganized knowledge of one of the orphan
inmates of the Odd Fellows' Home at
Clarksville, was affirmed by the Su-
preme Court today. Ward was super-
intendent of the home and 11 year old
Susie George was the victim in the
case in which Ward was convicted.
He fled to California on the alleged
offense becoming known and was ar-
rested there. There is another indict-
ment against Ward, charging the same
offense upon a different girl. There
are a number of other charges against
him also. The course as to these has
not yet been decided on, according to
W. E. Metzger, president of the home.

RUSSIAN SHIP INCOG.

VOLUNTEER FLEET STEAMER
TRAVELS AS A JAP COLLIER
AND REACHES ODESSA.

Odesa, March 25.—The volunteer
fleet steamer Verney, the first Rus-
sian ship to leave the far East after
the outbreak of the war, has arrived
here, having eluded the Japanese by a
clever ruse. She was painted to re-
semble a Japanese collier which left
Vladivostok just before her. The cap-
tain of the Verney had resolved to
take to the boats and blow up his ship
if hard pressed by the Japanese.

PRAIRIE FIRE

HEADED FOR NEBRASKA TOWN
WHICH MAY BE DESTROYED.

Lincoln, Neb., March 25.—A dis-
patch from Norfolk, Neb., says the
town was dark at noon from the smoke
which came from fresh prairie fires
west of there.

Many houses and barns near Atkin-
son were destroyed. A blaze from
Simmons ran thirty miles. The fire
which threatened Newport is heading
for the town of Amelie, which it is
believed, will be destroyed.

LOST \$355

PEST HOUSE KEEPER HAS BAD
LUCK WITH POCKET BOOK.

William Whellis, keeper of the city
post house, lost \$355 near the market
house, on South Second street this
morning. He reported the loss to the
police station this afternoon. It was
in his pocket book, and he thinks he
left it somewhere.

MR. SHEERER'S FUNERAL.

The funeral of the late Mr. D. B.
Sheerer will take place from the First
Presbyterian church Sunday after-
noon at 2:30 o'clock. The service
will be conducted by Rev. Francis R.
Bentley, D. D., of Louisville. The
burial will be at Oak Grove.

HOSTILE FORCES ACROSS THE RIVER=== BATTLE EXPECTED

Desultory Firing Between the Opposing
Troops in East.

Conflicting Reports About Success of the Jap's Last
Effort to "Bottle-Up".

RUSSIAN TROOPS BEING RUSHED TO FRONT

London, March 25.—Russians are
reported holding the North bank,
and the Japanese the south bank of
the Angu river, where the latter have
thrown up entrenchments. The hos-
tile forces are thus face to face, and
desultory shots are being exchanged.

MORE JAPS LAND.

Rome, March 25.—A telegram from
Cheifu states that eight hundred Jap-
anese have landed at Chinnampo, Ko-
rea, March 22. This makes a total
of ninety eight thousand Japanese on
Korean soil.

RUSSIANS ARE NOT IDLE.

London, March 25.—Dispatches
from Ping Yang say that returns to
the Japanese Intelligence Department
show that forty-five hundred Cossacks
of the Russian infantry crossed the
Yalu river from Antung during the
last five days; three thousand Rus-
sians are holding Angu, and a thou-
sand are at a point on the Korean bank
of the Yalu. Five hundred Russians
have proceeded to a strategic point
southward and now occupy Chuu Ju.

TROOPS ARRIVING IN GOOD FORM.

St. Petersburg, March 25.—The
Novo Vremyas' Vladivostok corre-
spondent states that troops are arriving
there in magnificent form, and the
highest spirits.

RELATIONS FRIENDLY.

Peking, March 5.—Denials have been
issued of the report that the relations
between Russia and China are strained.
Chinese officials claim that the feeling
between the two nations were never
more friendly.

JAPS MUST KEEP OUT OF SIGHT

St. Petersburg, March 25.—Govern-
nor Province of Tomsk has ordered
the Japanese in the province to keep
inside their houses and remove their
signs from the shops, as he cannot
guarantee to protect them. They
must, he says, be prepared to protect
themselves.

RUSSIAN OFFICER BANISHED.

St. Petersburg, March 23.—General
Altavater, inspector of artillery of the
Russian army has been banished to a
remote military post in Caucasus, in
deep disgrace. His banishment is due
to the fact that the new quick firing
guns which he informed the Czar
would be ready in three months can
not be ready before the end of the
year.

REPORT NOT CONFIRMED.

London, March 25.—The report from
Tokio that the Japanese succeeded in
bottling up Port Arthur the night of
March 22 was not confirmed from any
other quarter. The story was to the
effect that the Japanese had sunk seven
merchant steamers in the harbor en-
trance.

HORSE RAN AWAY

BUT NO DAMAGE RESULTED EX-
CEPT A BROKEN WHEEL.

Dr. H. P. Sights horse, attached
to a buggy became frightened in front
of the Fraternity building this after-
noon and ran for some distance. A
wheel was broken from the buggy in
striking another vehicle. No other
damage was done. The horse ran to
a livery stable and stepped.

NO TRIAL TODAY

Howard, the Would-be Son Kil-
ler, Not Arraigned.

Alleged Box Car Breakers Were Ac-
quitted of Felony and Fined.

The trial of Grant Howard, colored,
the railroader charged with suspend-
ing his ten year old son over a slow
fire in Rowlandtown night before last
and leaving him, did not come up in
police court today, to the disappoint-
ment of a large crowd. It is set for
tomorrow and will probably be tried.

Frank Arbuckle, who stole the old
News Office Cannon, was not tried
this morning on account of illness.

Arbuckle had an umbrella pack upon
his back yesterday when he went into
the residence of ex-officer Buck White-
hurst, and not getting any work to do
was given his dinner. He stole two
umbrellas, it is alleged, and the brass
cannon lying on the front porch. The
city has taken care of Arbuckle at
times and the police were very great-
ly surprised to learn of his dishonesty.

Carl Thompson, a vagrant, was given
one hour in which to leave town.
He walks on crutches and was very
impudent to those who refused his ap-
peals for alms.

Humphrey Shea, George Press,
Charles Grady and Ed Girley, white,
were fined \$20 and costs each for en-
tering an I. O. box car. They were
alleged to have feloniously broken the
seal, but claimed they did not and had
gone into the car simply to get a
ride to Memphis.

BRITISH ATTACKED

REVOLT OF BLACKS IN GER-
MAN SOUTHWEST AFRICA
SPREADS TO ENGLISH
TERRITORY.

Berlin, March 25.—Gov. Von Putt-
kammer of the Cameroons, cables that
the revolt of the natives has spread to
Cross river (one of the points mark-
ing the boundary of German territo-
ry in West Africa) and been extended
to British territory in Nigeria and
that the British customs station at
Obokum was attacked on March 10.
The governor adds that Col. Muller is
at Cross river and has the situation
in hand.

TREATY UNSIGNED

LANSDOWNE SAYS NONE WAS
THOUGHT OF BY WHICH COUN-
TRY WOULD BE GIVEN TO
FRANCE.

London, March 25.—Foreign Secre-
tary Lansdowne in a letter replying
to an inquiry from merchants, says
that no agreement has yet been con-
cluded with France concerning Mo-
rocco, and that none was ever con-
templated by which Morocco would be
ceded to France.

WOMAN OUTRAGED

FEARFUL CRIME PERPETRATED
NEAR WESTWOOD, O.

Cincinnati, March 25.—The body of
an unknown young colored woman
has been found near Westwood with
every indication of an atrocious out-
rage and murder. Her skull was
crushed with a club, one eye was torn
out of the socket, most of her hair
pulled out and her body badly mutil-
ated.

REBELS DEFEATED.

Berlin, March 25.—Word has been
received that the German troops have
defeated the rebel Herreros in German
Southwest Africa, at Ounakeberg.

Two Germans and ten Herreros were
killed.

Miss Jane Ratcliffe, of the county,
aunt of Mrs. E. K. Wilson, Miss Min-
nie Ratcliffe and Mr. Charles Rat-
cliffe, of this city, who is very low
from grippe was slightly better this
afternoon.

GREAT DAMAGE DONE BY STORM

In East St. Louis it Was the
Worst Since 1896.

Chicago Also Suffers From the High
Winds—A Few Fatal-
ities.

TRAIN RUNS INTO WASHOUT

St. Louis, Mo., March 25.—The
worst storm since the memorable and
destructive cyclone of 1896 which de-
stroyed so many lives swept over this
section last night.

Athens, a suburb of East St. Lon-
is, suffered worst of all in this violent-
ty. Two persons were fatally hurt,
and many were injured. There has
been so much excitement and confu-
sion that it is impossible to learn the
exact extent of the fatalities.

Several of the largest buildings
were totally demolished, and it is es-
timated that the property loss will
reach half a million.

CHICAGO GETS A SWIPE.

Chicago, Ill., March 25.—This sec-
tion was visited by a storm last night
that soon reached the proportions of
a cyclone. It blew down buildings
and otherwise damaged much prop-
erty, and carried away nearly all the
telegraph and telephone wires in this
section of the country, prostrating
the service in all directions. Three
persons are known to have lost their
lives and others were fatally injured.

The storm did not strike the busi-
ness portion of the city in its greatest
force.

The storm in the vicinity of In-
diana harbor was the most severe ever
known there. Three people are known
to be dead, several are fatally hurt,
and at midnight there were several
others reported missing and they may
be buried in the ruins of their homes.

A two-story brick building, known
as the Barker building, was blown
down and a number of people who
had sought shelter there were buried
in the ruins.

The dead:

M. BARKER.

TWO UNKNOWN MEN.

Thirteen people are still missing.
The storm created havoc in the
town of Hammond, Ind. A number
of residences were badly damaged and
two people were injured but not fa-
tally. One end of the large plant of
the Republic Iron and Steel company
was blown down, causing a loss of
\$25,000. A number of business houses
were unroofed, and the city tonight
is in total darkness.

In Grand Crossing, eight miles
south of the center of the city, a num-
ber of buildings were wrecked, freight
cars blown about the yards and the
tracks of the railroads covered with
debris to such an extent that the ma-
jority of incoming trains could not
proceed.

The telegraph and telephone com-
panies suffered greatly south of the
city. Up to midnight not a wire was
working east of Indiana Harbor on
any of the three railroads running
through the place.

In the suburb of Thornton the
frame dwelling of E. Gardner was
blown into a stone quarry and was re-
duced to kindling wood. Gardner
was fatally hurt, and his wife sus-
tained serious injuries. Several other
people were injured and it was impos-
sible to summon aid by telephone or
telegraph.

TWO KILLED IN WASHOUT.

Niles, Mich., March 25.—An extra
freight train on the Michigan Central
ran into a big washout this morning
at Miller's Station and killed two
trainmen outright and fatally injured
two others. The train was almost
completely demolished.

AMONG THE SICK.

Mr. Charles Sugars of the local I.
C. yard offices, has recovered after a
brief illness.

EGGS AND POULTRY.

Cincinnati, O., March 25.—Eggs 15,
butter and poultry unchanged.

ELATED OVER HIS SUCCESS

Manager English Meets With
Great Encouragement.

The People Indorse His Opera House
Project and Will Raise
\$10,000.

PRACTICALLY INSURES HOUSE

Manager James E. English, of the
Kentucky theater, has returned from
Henderson, where he went Tuesday,
after the incorporation of his new
theater company, which is to build a
new opera house in Henderson.

Manager English met with nothing
but encouragement in his project.
The people of Henderson are very an-
xious to get a new theater, and ap-
preciate the enterprise of the hustling
Paducahan. It is probable that in
comparatively a short time active
work on the new building will begin.

Yesterday's Henderson Gleaner
says:

"Another meeting of the commit-
tee was held at the Carnegie library
last evening to confer further with
Mr. English relative to the building
of the proposed opera house. The en-
tire board of membership with the
exception of Mr. S. K. Sneed, was
present. The plans and specifications
of the proposed building were submit-
ted to the committee and with the ex-
ception of one or two minor changes
made in the specifications, they were
adopted by a unanimous vote.

"The opera house drawings show it
to be one of the prettiest and most
conveniently arranged playhouses in
the country.

"Mr. English has his bond which
is acceptable to the committee, thus
settling that important branch of the
proposition.

"Immediately after it is announced
that the required tickets have been
disposed of, Mr. English binds himself
to proceed actively and without delay
to the building of the house. When
it is under roof it will be insured in
the sum of ten thousand dollars for
the benefit of the ticket holders and
thereupon the tickets become due and
are payable. A special committee com-
posed of S. O. Green and James R.
Rash is appointed and commissioned
to go before the people of Henderson in
an effort to sell the number agreed on.

"Henderson is fortunate in the se-
lection of the committee and the com-
mittee is fortunate in finding the par-
ties it has to provide the new opera
house. The building, the Gleaner will
say again, will prove one of the most
beautiful playhouses in the country,
fully equaling, if not surpassing the
lamented Park theater. It will be
erected on the same ground occupied
by the Park but will—if the Gleaner
is correctly informed—present a more
imposing exterior."

GIVES HEALTH, VIGOR AND TONE

Herbine is a boon for sufferers from
anemia. By its use the blood is
quickly regenerated and the color be-
comes normal. The drooping strength
is revived. The languor is dimin-
ished. Health, vigor and tone predom-
inate. New life and happy activity
results. Mrs. Belle H. Shirel, Mid-
dleborough, Ill., writes: "I have
been troubled with liver complaint
and poor blood and have found nothing
to benefit me like Herbine. I hope
never to be without it. I have wished
that I had known of it in my hus-
band's lifetime." 50c. Sold by Du-
Bois Kolb & Co., Paducah, Ky.

DIED IN ARIZONA.

Mr. Archie Wood, aged 40, a rail-
road man of St. Louis, died yesterday
in Tucson, Ariz., from consumption.
He was a son of Mrs. Mary Jenkins,
of Eldyville, who is a guest of Mr.
George O. Orumbagh, on North Sev-
enth street. She went to see him in St.
Louis to or three weeks ago, just be-
fore he left for the west for his health.
He leaves a family in St. Louis, where
the remains will probably be taken for
burial.

DISAPPOINTED MARKSMEN.

Gun club did not take place yesterday
afternoon because the live birds failed
to arrive. Hereafter the members will
announce no live bird event until they
have received the pigeons.

ARE TO START NEW BRIDGE SOON

Illinois Central Must Have in
all Bids by April 1st.

Bill Has Passed in Congress—The
New Tennessee River Structure
Will be Moved a Mile.

CONTRACT TO BE LET AT ONCE

The Illinois Central railroad compa-
ny will begin immediately to build
the new Tennessee river bridge, near
Gilbertsville, and all contractors who
will bid on the excavations have been
notified that their bids must be in by
April 1st.

Mr. F. W. Katterjohn, of the city,
has been notified of the road's inten-
tion and will place a bid on the exca-
vations. The company will use its
own men in putting up the bridge
and outside contracts are let for the
excavations and such preliminaries.

The actual work on the bridge will
begin as soon as the excavations are
finished, and the contractors are given
until August 1st to finish this work,
whoever the successful ones are. The
time restrictions are fixed because the
road intends to make this necessary
improvement at once. This action on
the part of the road is the result of
the recent inspections by the higher
officials of the road, and they will
personally rush the work and have the
improvements completed as soon as
possible.

Tennessee river bridge, it will be re-
membered, partially burned last sum-
mer and a new span was built tempo-
rarily. As soon as the new bridge is
completed the old one will be aban-
doned.

A bill, introduced by Congressman
Ollie James in Congress granting per-
mission to build the bridge has just
been passed, and the company is ready
to start work at any time.

The new bridge will be built a mile
or more from the present bridge at
Gilbertsville, owing to the fact that
the track can thus be straightened
and time and distance saved.

LIGHTS FOR CADIZ.

Cadiz, March 25.—A franchise for
the privilege of putting in electric
lights in the town of Cadiz has been
ordered sold.

The franchise will probably be
bought by E. E. Wash who, with Joe
Parsley, of Princeton, is at work on
the proposition of erecting a light
plant in the city.

She was 40 years old and died of
heart failure. Her husband is a well
known banker.

DOCTORS MEET JOINT COMMITTEE

And Take Some Action on the
New City Hospital Building.

It Is Desired That the Work of De-
ciding On Plans and a Location
Be Taken Up.

MEETING CALLED AT ONCE

A meeting of the hospital commit-
tee of the general council and commit-
tee from the Paducah Medical and
Surgical society will be held as soon
as the doctors select a date of meeting
to decide on the kind of city hospital
to be built, and where to build it.
The question is an important one, and
it is desired to settle it as soon as pos-
sible.

The members of the joint commit-
tee are Aldermen Orme, Smith and
Durrett, and Councilmen Watson, In-
gram and Hymarsh. There is at pre-
sent no particular site in prospect.
The members will first consult with
the doctors before taking steps to se-
cure a site, as they seem to want to be
guided by the recommendations of the
doctors.

It is probable that the doctors will
at once set a time for the meeting, as
they are very anxious to have the
hospital question settled and work on
the building begun.

It is probable that the plan to be
suggested by the doctors will be the
"cottage plan." Instead of one large
building, there should be a main hos-
pital and a number of small cottages
for the isolation of the patients. This
is the most successful as well as most
modern hospital plan, it is claimed.

DEAD IN HIS CELL

Alabama Murderer Cheats the
Gallows at Tuskegee.

Murdered His Sweetheart—Hope to
Hang Missouri Robber
Found Out.

MINER SUFFERS SEVEN DAYS

Tuskegee, Ala., March 25.—Ralph
Armstrong was found dead in his cell
here, having hanged himself with his
belt. Armstrong was under sentence
of death for the murder of his cousin,
Miss Alice Armstrong, at Nottoway,
three months ago. He shot her when
she refused to marry him, telling him
she was engaged to another in Atlan-
ta.

A special term of court was called
and Armstrong was tried and con-
victed of murder in the first degree,
but an appeal was taken. His de-
fense was mental irresponsibility at
the time. He left two letters to his
mother, outlining his purpose to kill
himself.

The young man was a son of the
late Col. H. Olay Armstrong, Consul
to Rio Janeiro under President Cleve-
land, and was a member of one of the
most prominent families in the state.

OUT HANGMANS' ROPE.

Union, Mo., March 25.—It was dis-
covered last night that the rope which
will be used for the execution of Geo.
Collins, the alleged Union bank rob-
ber, who was convicted of killing De-
fective Schumacher, has been cut.

Sheriff Bruch believes that it is
part of a plan for Collins' escape, ar-
ranged by friends of the condemned
man. The rope was sent to St. Louis.
Unless the Governor grants another
rope, Collins will be hanged to-
morrow.

SEVEN DAYS IN MINE.

Cumberland, Md., March 25.—Al-
bert Cronkin, a miner of Henry W.
Va., has been brought to the hospital
here, having been rescued after seven
days' hunger in a coal mine. He was
entombed by an explosion in which
three were killed. Cronkin was bad-
ly burned, but it is thought will re-
cover.

The Tennessee is in from Tennessee
river and will go out on return trip
tomorrow afternoon at 6 o'clock.

NOTHING HEARD

SUPPOSED THE GOVERNOR HAS
BEEN TOO BUSY TO LOOK
OVER PAPERS.

Nothing has yet been heard from
the findings of the court martial held
here by Major Bassett some time ago
to try local members of the state
guard for failing to attend drill. The
papers were sent to the governor to be
reviewed, and it is supposed he has
been too busy passing on the bills en-
acted by the recent legislature to give
the other matter his attention. Con-
siderable interest is felt in the result
of the court martial, and the an-
nouncement of the verdicts is awaited
here with some degree of impatience.

county, is believed to have smallpox,
but it cannot be ascertained at pre-
sent. It is thought that if he has he
got it from the I. O. boarding car that
caused so much excitement in that
section a short time ago.

DAILY THOUGHT.

"Even in the midst of misfortune man carries within himself a permanent source of exquisite enjoyment; for he has always the power to do good."

THE WEATHER

Fair in west portion, showers in east portion and colder tonight Saturday fair and colder.

Mayor Yeiser has given to the board of public works part of his office at the city hall, but as the mayor and board of public works are about the same thing, he doesn't lose much.

Paducah is in a fair way to get the fire protection the people have long been in need of. It took some strenuous work to force the dilatory city officials to act, but they have learned a lesson.

The mayor and the city solicitor seem to disagree as to what is the law. There differences ought to have been referred to a committee as everything else is, and then they would probably never have been heard of again.

The Alabama murderer who hanged himself in jail to keep the sheriff from doing it outside, saved the sheriff an unpleasant duty. He probably got to thinking something like the people of Paducah, who have found out that the best way to do the things you elect men to office to do, is to do them yourself.

Honest criticism is a good thing when it has the proper effect. In Chicago, the other day, a caustic criticism of the police force was made by a man employed for the especial purpose. As a result forty-seven policemen have already been discharged, and there is to follow a general shake-up, the most extensive in many years.

The joint hospital committee of the general council is ready to hold a conference with the doctors relative to the new city hospital. The doctors should lose no time in calling a meeting before the legislators get out of the notion. The hospital, market house and street bond matters have dragged along quite long enough. It is time to get busy.

It is to be hoped that the Board of Public Works will turn out to be a benefit instead of a graft. If it is to be used simply as a means of creating more offices for the people to support, the city would be better off without it. None of us now know what the work incident to the board's duties will be, for the board is something entirely new, and until we do, the boards should think twice before creating new offices.

The Democratic committee of the First District will meet tomorrow and go through the perfunctory duty of declaring Hon. Ollie James the Democratic nominee for Congress. He has no opponent this time, because big Ollie, good natured and harmless, has lumbered about the district for several years helping out the party. He is now getting his pay. He has been in Congress about a year, and won ephemeral notoriety by introducing a bill that would have destroyed state rights hadn't it been killed. He will get the nomination this time, but never again. Next time Hon. J. Wheeler Campbell will probably win it in a walk. He could probably give the big Congressman from Kentucky a run for his money now if he wanted to. Senator Campbell is modest and is willing to wait until Mr. James' first term has been "indorsed."

BOARD MEETING

Y. M. C. A. DIRECTORS TO MAKE PLANS FOR FUTURE WORK.

The board of directors of the Y. M. C. A. will meet this evening at the association building at 7:30 o'clock. Reports from a financial canvass will be received, and some plans for the future of the association will be made.

Mr. O. B. Van Horn, secretary of the religious and educational work of the state Y. M. C. A., who has been here the past week will leave tomorrow morning for Princeton, and after spending a few hours there will return to his home in Louisville.

DAILY TOURIST SLEEPERS TO CALIFORNIA.

"DO IT TODAY."

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. Now trial bottles, 25c; regular size, 75c. At all druggists.

LIFE SENTENCE FOR THE SECOND TIME

Jury in the Lon Fuqua Murder Case Reaches a Verdict.

Was Convicted For Complicity in the Killing of George Gray in 1901.

BUSINESS RUSHING IN CIRCUIT

Lon Fuqua, colored, charged with complicity in the murder of George Gray, colored, on December 30, 1901, was this morning given a life sentence making the second time he has received a life sentence. "Spot" Polk, who did the shooting, is now serving a life sentence.

Polk and Fuqua met Gray in the Nathan Bennet saloon, near Ninth and Boyd streets, and had been at odds with him for some time. Polk expressed his intention of shooting Gray and was encouraged by Fuqua who took no other part.

Several shots were fired into Gray who lingered for several days, finally dying of the wounds. Both men were arrested and Polk was tried first. He got off with a life sentence. Fuqua was subsequently tried and given a life sentence, but through his attorneys secured a new trial and the jury after having been out on the case since yesterday morning at 10 o'clock, this morning brought in a verdict of guilty and fixed his punishment at life imprisonment.

It is understood several members of the jury stood for hanging while two stood for lighter punishment, a compromise finally being effected.

Tom Martin, colored, charged with maliciously cutting Ed Marable, was found not guilty and discharged.

Ed Owen, a witness, who did not respond to a summons speedily enough to suit Judge Reed, was placed in jail for one hour for contempt of court. Judge Reed intends to clear up his docket and keep it clear and will fine all witnesses who do not attend court after having been summoned regularly.

Thomas Kelley, colored, was given two years in the penitentiary this morning for false swearing. He swore in police court that he did not have a pistol concealed on his person, and the evidence showed that he did. At press time the case against Charles Harris, colored, for attempted arson was on trial.

Harris was imprisoned in the city jail and attempted to burn it down by building a fire in his cell directly under the floor of the city room. The fire was discovered in time to prevent much damage.

The case against John Mann, white, robbing Jim Rogers of a watch back of the Klondike saloon last fall, was given to the jury this morning.

DAMAGE SUITS FILED.

Jeff D. Carter today filed a suit in circuit court against the I. C. railroad to recover damages amounting to \$5,000 for personal injuries. He states he was employed in a switching crew by the I. C. and was sent on a car to set a defective brake which broke as he attempted to set it, throwing him off the car and permanently injuring his right shoulder. He claims the brake was defective because of the negligence of the defendant in having it repaired.

MRS. YEISER'S WILL FILED.

Mr. T. J. Flournoy has qualified as executor of the will of the late Mrs. Elizabeth Yeiser. The will has been admitted to probate in county court. She leaves her household and personal effects to her brother, La Fayette Roberts, and the remainder of the estate to her nephew John Williams. Her son, Philip D. Yeiser, was left \$1. The instrument was drawn up February 6, 1903 and witnessed by Lella Flegle and Fred Kamleiter.

SUIT ON A NOTE.

O. T. Hale and A. D. Thompson, for the use and benefit of C. T. Hale and A. D. Thompson, administrators of N. T. Hale, have filed a suit against M. G. Sale to secure the payment of an alleged balance of on a note.

TRY COMPRESSED AIR

Will be Used by Mr. F. W. Katterjohn Shortly.

To Discard Steam and Run the Drills in the More Modern Way.

BEST QUARRY IN THE COUNTRY

Mr. F. W. Katterjohn, the well known contractor and operator of the Katterjohn stone quarries at Cedar Bluff, three miles above Princeton, has returned from Chicago, Philadelphia and other eastern cities, where he went to purchase a big air compressor for his plant at Cedar Bluff.

Mr. Katterjohn intends to make extensive improvements at the quarries this spring and instead of running his many drills by steam as he is at present doing, will inaugurate a new feature and use compressed air.

"I have just returned from the east where I went to buy a big air compressor and the big machines is over 20 feet long, one of the largest in the state," he stated this morning at the train.

"I work over a dozen drills and drill daily over 1,500 feet of stone.

"I have to haul coal some distance from the railroad and the expense can be curtailed by installing the plant. I intend to have the biggest and best equipped quarries in the country when I finish with my improvements and with the addition of the big stone crusher which will be installed this spring, as soon as I get my equipment completed I will be enabled to turn out twice the amount of stone I am now putting out."

Mr. Katterjohn left this morning for Louisville to make a contract for two big boilers furnishing 250 horse power. These two new boilers with the two now in operation at the quarries will make a very strong battery, and this week Mr. Katterjohn is beginning to excavate for a 90 foot smokestack which will be under course of construction in a few days.

The costs of the improvements in adding air equipment will amount to something like \$11,000, and the boilers and air compressor will arrive as soon as they can be brought to Cedar Bluff over the railroads.

LIKE MOTHERS

THE SON FOLLOWED HAPPILY.

Improper food and drink wears out the stomach before its time but sometimes it only appears to be worn out and the right food and drink will restore it.

"When mother reached her 86th year she was in a very critical condition from her stomach. The doctors said it had worn out and they could not make her a new one.

"She had been a coffee drinker for many years and thought she couldn't get along without her cup of coffee. One day a friend persuaded her to quit coffee and try Postum.

"He urged so hard we got some for her and decided to give it a trial. She formed a fondness for it but it was some little time before we could see her improve much at her age. After a while however her stomach began to get stronger and stronger, and today, at the age of 88 she is far better than she was at 80 and we credit Postum Coffee for the improvement for we know exactly that did it.

"For years I myself was troubled with bad headaches, stomach constantly out of order, felt bad, got irritable, cross in the house, at my work, ran down in flesh with a weak, trembling nervous spot at the pit of my stomach. Doctors could not do me up when I saw mother's improvement I concluded it might be coffee so I commenced Postum too and it was not long before my headaches left me, the empty spot in my stomach was filled, my nerves were better. Now I am always in good humor and want to see my friends and have them see me. I have gained much in weight, don't know just how much, feel good, have a good color and am a proud man.

"We know lots of cases among our friend and neighbors where Postum has done almost as much good as it has in our own home when used in place of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason.
Look out each pkg. for the famous little book, "The Road to Wellville."

Social Notes and About People.

INTERESTING WEDDING

The Louisville Courier Journal says:

"An engagement which will create much interest is that of Miss Mary Antoinette Graves and Mr. Frederick Ringgold Huber, of Knoxville, Tenn., just made public by Miss Graves' mother, Mrs. Otto Graves.

An interesting fact in connection with the wedding is that it will be solemnized on the anniversary of the marriage of the bride's parents, and the occasion will be a double wedding as Miss Sarah Graves, the bride's sister, will be married the same evening to Dr. Charles Reynolds, of Covington.

The ceremony will take place at the Fourth avenue Presbyterian church, and will be performed by the Rev. Dr. Samuel Ringgold, rector of St. John's Episcopal church, of Knoxville, who is the groom's grandfather.

Miss Graves is a relative of Dr. W. T. Graves and County Attorney Eugene Graves, of this city.

ELKS SOCIAL.

The reception given at Elks hall last night after the meeting of the lodge in honor of past exalted rulers was well attended and was a most enjoyable affair. The past exalted rulers of the lodge, Messrs. A. W. Greif, M. W. Johnson, E. O. Cleaves, F. J. Morgell, C. E. Whitesides and Wm. Kraus, were all present, and refreshments and cigars were served and a pleasant reunion held.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

TOBACCO COMING IN ALL OVER THE STATE

Many Loads are Being Brought in for the Imperial.

The Western Tobacco Journal Gives the Status of the Market in the State.

PRICES LOWER AND MEDIUM

Tobacco is now moving into Paducah, but is several months late, and is coming only to one or two places. The Imperial Company, of London, is buying quite extensively and preparing to put up the weed at its stemmery at 5th and Clay streets, but outside of this very little is coming to town.

Other tobacco news from this section is: (Western Tobacco Journal).

From correspondents and our exchanges we learn that during the past two weeks there has been little change in the quality of tobacco marketed in the leading markets of Henderson and Owensboro, although with favorable handling weather deliveries have been large and judging from latest reports they are likely to continue large and in fact too large to suit stemmers, who have bought freely of late, and who have on hand a large stock of tobacco in very soft order, a great deal having been delivered in that condition, with but little prospect of their being able to catch up and get in condition to purchase as heavily as they have been doing. In both markets this being the case, it has led to a good deal having been sold at lower prices, but in reality as high as formerly for dry order.

The quality of the crop can not be said to have improved any, and in Henderson stemmers consider the 1903 crop the hardest to handle they ever experienced, from the fact of it being so mixed with so many different colors and lengths, and only by the most careful handling and picking can anything like uniformity in the strips be had.

In Henderson it is supposed that about half the crop has been sold, if not more, with prices somewhat lower on the common and medium qualities with really good tobacco not much in evidence either in Henderson or Owensboro. From the latter market we hear of one or two new buyers being added, that the Gallagher Company have been in the country trying to buy, but have done little, while the Imperial Company is reported to have bought in the country very freely of the best crops, with the Messrs. Birks and Phillips & Hughes buying freely in open market. Many others have done little of late, fearing that the make of strips to be put up, which is estimated at 7,000 hogheads, will be far in excess of the demand in England, which includes what the Imperial and Gallagher companies will have.

Most of the farmers around Owensboro say they will curtail their crops, some declaring they would not grow any tobacco. The majority of them have their plant beds burned and a few are done sowing. About Henderson much the same feelings and conditions exist.

Wednesday at Owensboro was one of the best days of the season at the auction house. Seventy-four loads of tobacco were sold. The highest prices were paid to Charles McKay. His Pryor tobacco brought \$6.50, \$6.25 and \$2. Several other loads reached the six dollar mark. The market is considerably better than it was two months ago.

FORRESTS RAID.

TODAY IS THE FORTY-FIRST ANNIVERSARY OF IT.

Today, March 25th, is the forty-first anniversary of an event that will not be soon forgotten by many of the old Paducahians—Forrest's Raid. The Federals were in charge of the city when it was attacked.

The Paducahians killed or injured during the battle were:

Ed Moss, uncle of R. E. Ashbrook, killed; wounded, Chas. Yaunker, brother of Squire John and Joe Yaunker, of St. John's neighborhood, mortally wounded; H. E. Hard, nephew of John Ewell, and James Sirk, of Southern Illinois, fresh wounds.

An unusual coincidence is that forty-five years ago, March 25 also fell on Friday, as this year.

A Noted Gambler May Get a Pardon Soon.

Several Offenders Convicted in Jackson County—Deaths in Kentucky.

DOGS THAT EAT CORN

Lexington, Ky., March 25.—It is rumored that Gov. Beckham will within a few days grant a conditional pardon to the noted gambler, George Miller, who was convicted over a year ago for operating a faro bank. Miller has been confined in jail here since his convictions and after being refused a new hearing by the Appellate court a petition signed by leading business men and politicians was presented to the Chief Executive asking for a pardon for Miller, but that also was refused.

One of the leading ministers of this city went to Frankfort to intercede with Gov. Beckham on behalf of Miller and it is understood that the gambler will be pardoned on condition that he sign a document swearing never again to gamble in any form, the paper also to be signed by several prominent men guaranteeing Miller's promise.

CONVICTIONS IN JACKSON.

Jackson, Ky., March 25.—Sentence was passed by Judge Riddle upon the following prisoners: Henry Tharpe, five years for murder; James Maune, ten years for murder; Morgan Fugate one year for shooting and wounding, and Edward Turner, one year for shooting and wounding.

DEATH IN TRIGO.

Caliz, Ky., March 25.—Mr. William P. Cameron of near Wallonia, died of kidney trouble.

Mr. Cameron was born in Trigo county April 18th, 1825, and with the exception of a year or two spent in Tennessee, had lived all his life in the county. He was never married, and died at the place where he was born.

CORN EATING DOGS.

Buechel, Ky., March 25.—The corn eating dog of Union county, Ill., will have to take a back seat in comparison with a small spaniel owned by Robert Graham, of Independence Schoolhouse, sixteen miles from Louisville. This dog has to be kept in the house while the pigs and chickens are being fed. His appetite for corn is so keen that he will eat it shelled or on the cob. Kentucky cannot be excelled even in this line.

NEW PACKET IN GREEN RIVER.

Bowling Green, Ky., March 25.—The Evansville and Bowling Green Packet Company has decided to put a boat in the upper Green river trade. The J. O. Kerr has been selected as the boat and will begin business about the middle of April.

Old mother Nature has never been improved upon—sometimes she needs a little assistance over hard places though.

But when we assist her, the nearer we keep to her own methods and processes the better.

Sometimes the digestive organs need help; we have indigestion. Pepsin is what nature has selected to do the work of digestion in the stomach; hence, the best help to digestion is pepsin. The pleasantest and most beneficial way to take pepsin is with pure port wine, as combined in Walter's Peptonized Port, and sold by all druggists in that form. The port is itself a valuable tonic.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Ky., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horchound Syrup and it cured him. That was six years ago and since then we have always kept a bottle in the house. We can not do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. "Last spring my condition was such as to occasion some alarm. My work exposed me to all kinds of weather and the effect was plainly felt. I could not feel like working, being very heavy and dull. My system was entirely out of order.

"As you advised, I was very highly recommended by friends, I commenced its use, and could hardly credit the improvement brought about immediately. My strength came back and if my restored health had been accomplished by a doctor, I would not have a better friend in the community. But I give all the praise to Paine's Celery Compound."

—S. Frank Butler, Moores, Pa.

"I suffered from spring depression, was tired, worn out and nervous. I obtained no satisfactory rest from my sleep and my appetite was poor. VARIABLE ROUTES TO FLORIDA.

In addition to the numerous facilities provided for the comfort and pleasure of Florida travelers, the Southern Railway and Queen & Crescent Route have this year added a new and unusually attractive feature in the form of a variable route tourist ticket, by means of which, at a slight additional expense, the going trip may be made via Chattanooga, Atlanta and Macon and the return trip via Savannah, Columbia, Asheville, Hot Springs and Knoxville—or vice versa—including stop off, if desired, at all of these and other points, so that a passenger may visit Lookout Mountain, the beautiful "Sapphire Country," the "Land of the Sky" and the principle commercial centers and tourist resorts on route.

The "Chicago and Florida Special" a superb train composed of through Pullman Drawing Room sleepers, composite car and dining car, leaves Cincinnati every evening except Sunday, via the Queen & Crescent Route. A handsome observation sleeper leaving Louisville at 7:35 p. m., is attached to the "Special" at Lexington and this train then runs through solid via Southern railway from Chattanooga to Jacksonville and St. Augustine, arriving at 9:30 p. m. and 10:35 p. m., respectively the next evening, making connection at Jacksonville for interior Florida points.

The "Florida Limited" leaves Cincinnati every morning the year around via the Queen & Crescent Route connecting at Lexington with the Southern railway trains from Louisville. This train also runs through solid to Jacksonville and St. Augustine via Southern Railway from Chattanooga, carrying sleeping cars, observation and dining car, arriving at 9:45 a. m., and 11:15 a. m., respectively.

The Q. & C. "Special" leaving Cincinnati every evening carries Pullman sleeper through to Jacksonville via Southern railway from Harrison Jct. through Asheville, the "Land of the Sky" and Savannah. This train also connects at Lexington with train from Louisville.

There is of course corresponding fine service via each of these routes on the return trip. Either of the following booklets will be sent on receipt of two cent stamp "Land of the Sky," "Winter Homes, containing hotel list, "Hunting and Fishing in the South," containing game laws, Onba folder, etc.

Complete information as to rates, schedules, etc., will be gladly furnished on application to C. H. Hangerford, D. P. A. Southern railway, 234 Fourth Avenue, Louisville, Ky.

The Carnation Industry.
The carnation industry has risen to considerable importance during the past ten years, says Town and Country. An 2,600,000 of young carnation plants are sold each year and the florists produce an equal production of young carnation plants approximately 5,000,000 per annum. Those plants are grown under glass during the winter time for cut flower purposes, producing an annual average of more than 100,000,000 blooms. What becomes of this enormous number of flowers is somewhat of a mystery.

Promising Career Cut Short.
Friends of Milton J. Flood, the young naturalist, no longer doubt the report that he was captured by Papuan cannibals and is dead. He was an enthusiastic scientific investigator and was employed some years ago as an inspector by the kypay moth commission, when efforts were being made to exterminate the pest in Massachusetts.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1902, by McClure, Phillips & Co.

"There's a picture of Henry Clay," remarked Landis in obvious relevancy to his companion's attire—"there's a picture of Henry Clay somewhere about the house in a swallow tail. Governor Day spoke here in one, Bodeffer says; always wore one, except it was higher built up 'n yourn about the collar and had brass buttons, I think. Ole man Windy was here again tonight," the landlord continued, changing the subject. "He waited around for ye a good while, but last he had to go. He's ben mighty wrought up sence the trouble this morning an' wanted to see ye bad. I don't know if you seen it, but that feller 't knocked your hat off with a club got mighty near tore to pieces in the crowd before he got away. Seems some of the boys re-cognized him as one of the Crossroads Skilletts and sicked the dogs on him, and he had a pretty mean time of it. Windy says the Crossroads folks 'll be worse 'n ever, and, says he, 'Tell him to stick close to town,' says he. 'They'll do anything to git him now,' says he, 'and risk anything.' I told him you wouldn't take no stock in what any one says, and I knowed well enough you'd laugh that a-way. But, see here, we don't put nothin' too mean for them folks. I tell ye, Mr. Harkless, all of us are scared for ye."

The good fellow was so earnest that when the editor's supper was finished and he would have departed, Landis detained him almost by force until the arrival of Mr. Willets, who, the landlord knew, was his allotted escort for the evening. When Lige came (wearing a new tie, a pink one he had hastened to buy as soon as his engagements had given opportunity) the landlord hissed a savage word of reproach for his tardiness in his ear and whisperingly bade him not let the other out of reach that night. Mr. Willets replied with a nod implying his trustworthiness, and the young men went out into the darkness.

CHAPTER VII.

THE moon had risen, and there was a face of mist along the creek when John and Helen reached their bench. (Of course they went back there.) She turned to him with a little frown.

"Why have you never let Tom Meredith know you were living so near him—less than a hundred miles—when he has always liked and admired you above all the rest of mankind? I know that he has tried time and again to hear of you, but the other men wrote that they knew nothing, that it was thought you had gone abroad. I had heard of you, and so has he seen your name in the Boston papers—about the White Caps and in politics—but he would never dream of connecting the Platville Mr. Harkless with his Mr. Harkless; though I did, just a little, in a vague way. I knew you, of course, when you came into Mr. Halloway's lecture the other evening. But why haven't you written to my cousin?" "Helen seems rather far away to me," he answered quietly. "I've been there only once, half a day on business. Except that, I've never been much farther than Ann— and then for a convention or to make a speech—since I came here."

"Wicked," she exclaimed, "to shut yourself up like this! I said it was fine to drop out of the world, but why have you cut off your old friends from you? Why haven't you had a relapse now and then and come over to hear Yancy play and Melba sing, or to see Mansfield or Henry Irving, when we have had them? And do you think you've been quite fair to Tom? What right had you to assume that he had forgotten you?"

"Oh, I didn't exactly mean forgotten," he said, pulling a blade of grass to and fro between his fingers and staring at it absently. "It's only that I have dropped out of the world, you know. They rather expected me to do a lot of things, and I haven't done them. Possibly it is because I am sensitive that I never let Tom know. They expected me to amount to something, but I don't believe his welcome would be less hearty to a failure—he is a good heart."

"Failure!" she cried and clapped her hands and laughed. "You really don't very tragic about it, though I must seem consumed with self pity," he returned, smiling. "It is only that I have dropped out of the world while Tom is still in it."

"Dropped out of the world?" she echoed impatiently. "Can't you see you've dropped into it? That you?" "Last night I was honored by your praise of my graceful mode of quitting it."

"And so you wish me to be content," she retorted scornfully. "What becomes of your gallantry when we abide by reason?"

"True enough; equality is a denial of privilege."

He laughed and raised a protesting hand. "But we couldn't." "No, you couldn't. It's the ribbon of superiority in your buttonhole. I know several women who manage to live without men to open doors for them, and I think I could bear to let a man pass before me now and then or wear his hat in an office where I happened to be, and I could get my own feet at a dance, I think, possibly with even less fuss and scramble than I've sometimes observed in the young men who have done it for me. But you know you would never let us do things for ourselves, no matter what legal equality might be declared, even when we got representation for our taxation. You will never be able to deny yourselves giving us our 'privilege.' I hate being waited on! I'd rather do things for myself."

She was so earnest in her satire, so full of scorn and so serious in her meaning, and there was such a contrast between what she said and her person—she looked so pre-eminently the pretty untroubled, the little exquisite, so essentially to be waited on and helped, to have clouds thrown over the dampness for her to tread upon, to be run about for—she could see half a dozen youths rushing about for her less, for her carriage, for her chaperon, for her wrap, and she could not repress a chuckle. He managed to make it inaudible, however, and it was as well that he did.

"I understand your love of newspaper work," she went on less vehemently, but not less earnestly. "I have always wanted to do it myself, wanted to be a journalist. I can't think of a more fascinating way of earning one's living. And I know I could do it. Why don't you make the Herald a daily?"

To hear her speak of "earning one's living" was too much for him. She gave the impression of riches, not only by the texture and fashioning of her garments, but one felt that luxuries had wrapped her from her birth. He had not had much time to wonder what she did in Platville. It had occurred to him that it was a little odd that she could plan to spend any extent of time there, even if she had liked Minute Fireworks at school. He felt that she must have been sheltered and petted and waited on all her life. One could not help yearning to wait on her.

He answered heartily. "Oh, some day," in reply to her question and then fell into outright laughter. "I might have known you wouldn't take me seriously," she said, with no indignation, only a sort of wistfulness. "I am well used to it. I think it is because I am not tall. People take big girls with more gravity. Big people are nearly always listened to."

"Listened to?" he said, and felt that he must throw himself at her feet. "You oughtn't to mind being 'Titania.' She was listened to, you."

She sprang to her feet, and her eyes flashed. "Do you think personal comment is ever in good taste?" she cried fiercely, and in his surprise he almost fell off the bench. "If there is one thing I cannot bear, it is to be told that I am 'small.' I am not. Every one who isn't a glutton isn't 'small.' I detest personalities. I am a great deal over five feet, a great deal more than that."

"Please, please," he said, "I didn't." "Don't say you are sorry," she interrupted, and in spite of his contrition he found her angry voice delicious. It was still so sweet, hot with indignation, but ringing, not harsh. "Don't say you didn't mean it, because you did! You can't unsay it, you cannot alter it, and this is the way I must remember you! Ah!" She drew in her breath with a sharp sigh and, covering her face with her hands, sank back upon the bench. "I will not cry," she said, not so truly as she thought she did.

"My blessed child!" he cried in great distress and perturbation. "What have I done? I—I—"

"Call me 'small' all you like," she answered. "I don't care. It isn't that. You mustn't think me such an imbecile." She dropped her hands from her face and shook the tears from her eyes with a mournful little laugh. He saw that her fingers were clenched tightly and her lip trembled. "I will not cry," she said again.

"Somebody ought to murder me, I ought to have thought—personalities are hideous!"

"Don't! It wasn't that."

"I ought to be shut—"

"Ah, please don't say that," she said, shuddering. "Please don't, not even as a joke, after last night!"

Robs You.

Work, Worry, Trouble Waste Your Life Force, and Rob Your Heart.

Anything that uses up nervous vitality too fast in any one part of the body, robs and weakens the heart.

Thus overwork, worry, grief, La Grippe, fevers and all sickness, tobacco, alcohol and other stimulants decrease the vitality of the heart and rob you of just so much of your life.

The best remedy is Dr. Miles' New Heart Cure. This restores to the nerves of the heart the vital strength of which they have been robbed, thus strengthening this vital organ.

By taking Dr. Miles' New Heart Cure before the heart is permanently affected, possible dangerous disease is ward off. Even after the disease is upon you, Dr. Miles' New Heart Cure will yet be nearly sure to effect a permanent cure.

When eminent physicians have been unable to relieve heart trouble, Dr. Miles' New Heart Cure has restored the patient to perfect health.

"I was taken with a very severe pain in and around my heart, accompanied by irregular heart action. I tried two doctors and received no permanent relief. I then commenced taking Dr. Miles' New Heart Cure, which soon cured me, and I have since passed examination for old line life insurance, and was recommended for all I wanted. I have had no return of the symptoms."

ENTERPRISE, INGENUITY AND ORIGINALITY.

Say something against Lax-Fos in the presence of those who have taken it and you'll be sorry. Every person using Lax-Fos will tell you an interesting story of how it cured them.

Lax-Fos is the very latest example of medical enterprise, ingenuity and originality. Those who have been sick, and others, say, Lax-Fos is the best medicine made. To make it a little better than any other remedy even though it cost more is an investment and not an expense to the S. H. Winstead Medicine Co. No advertisement is equal to having people say Lax-Fos is the best. To succeed in any business give the consumer more than you promise. That is done in Lax-Fos. It cures indigestion, constipation, kidney and liver trouble. Its good effects are felt at once. Take so substitute. The genuine is sold on the money back plan by druggists everywhere.

HAD A LARGE FAMILY.

But the Increase of Population Was All in His Mind.

It is said that a farmer living near Fulton was standing in his barnyard a few days ago when a well-dressed stranger leaned against the fence and inquired how much he would take for one of the cows in the lot.

"One hundred dollars," was the reply.

"I'll take her," said the man. "Can you give me two more like her?"

The farmer, thinking he had a chance to dispose of several of his cows at good prices, drove two more out of the barn, and offered the three to the stranger for \$300.

"All right," said the stranger, beginning to climb over the fence. "I want them to furnish milk for my children."

"How many children have you?" asked the farmer, in some astonishment.

"Ninety-three," was the calm reply.

The farmer was getting ready to ask the man his name, with the purpose of sending an account of his life and public services to President Roosevelt as evidence that American families are now growing smaller, when two guards from the Fulton insane asylum appeared and led the stranger gently away.—Kansas City Journal.

OUR BIG RAILROAD OF INDUSTRY

A Million and a Quarter Workers and Their Number Increasing.

The railroads in this country are employing more persons than ever before in their history. According to statistics in the report of the Interstate Commerce Commission there were 594 railroad employees for every hundred miles of tracks last year, and there were 1,189,315 employees altogether.

In the year before there were only 1,071,169 railroad employees, and the average was only 648 for every hundred miles of line, so that independently of the increase in mileage the number of workers employed has increased 46 for each hundred miles of line.

Since these statistics were collected there has been a correspondingly large increase in the number of employees, if railroad statisticians are to be believed, so that the number of men on the railroad payroll in this country is considerably over a million and a quarter.

Fear Eclipse of Moon.

The eclipse of the moon is full of portent to the Macedonian Mohammedans. It indicates bloodshed. It is met with reports of firearms and the imams call from the minarets the faithful to public prayers in the mosques. This recalls in a striking manner the practices of many savage and barbaric nations. The great nations of Asia, such as the Hindus and the Chinese, still cling to the belief in the eclipse monster. The latter meet it with prayers, like the Turks. But even in civilized Europe, both ancient and modern, one finds numerous proofs of this superstition. The Romans came to the succor of the afflicted moon by flinging firebrands into the air, by the blare of trumpets and the clang of brazen pots. The superstition survived through the middle ages into a very late period. France, Wales and Ireland offer many instances as late as the seventeenth century.

HANGS HERSELF

THIRTEEN YEAR OLD GIRL DEPENDENT OVER LOVE AFFAIR.

Marion, Ind., March 25.—Ida Degolyer, a thirteen year old girl, was found unconscious this morning suspended by a cord with which she had hanged herself. She is a school girl and a love affair is supposed to have caused her to attempt at self destruction. It is believed she will recover.

HANGING TODAY

CHELSEY PEOPLES HANGED FOR MURDER OVER GAME OF CARDS.

Norfolk, Va., March 25.—Chelsey Peoples was this morning at Wytheville hanged in the jail yard for the murder of John Sengel. They were both well known men and quarreled over a game of cards. Peoples was game and walked with a firm tread to the scaffold. His neck was broken.

What He Wanted.

The sad-faced man entered a dry goods house and said: "I want a waste basket."

"What kind?" asked the clerk, briskly.

"Why, I believe she said she wanted a straight-front one without these awful stiff stays in it."

"But I thought you said you wanted a waste basket?" said the impatient clerk.

"I do. What's them things that's straight front and got stays in 'em but waste baskets?"

Being an obscure person, the clerk had but a small funeral.

NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 28.5 on the gauge, a rise of 1.9 in the last 24 hours. Weather cloudy and threatening rain. Rainfall 1.12 with 70 temperature. Heavy winds last night with little damage to river property. Stage will probably go as high as 35 feet here before fall sets in.

S. A. FOWLER,
Local Observer.

Capt. H. Baker is better today.

The Grace Smith is here from Memphis.

The Joe Fowler is today's Evansville packet.

The Hook went into Tennessee river this morning.

The Dick Fowler cleared on time today for Cairo.

The Charleston went into Tennessee river yesterday.

The Royal arrived and departed on time today for Goloonda.

The Russell Lord is due Sunday from the Mississippi river.

The Nevias went to Memphis with a tow of coal this morning.

The Savannah passed out of Tennessee river last night about 11 o'clock.

The Heatherington did not get away yesterday for Tennessee but will leave today.

The Victor and Peagrin are working in the Cumberland and are not due out for some time.

The John A. Wood left yesterday afternoon for the lower Mississippi river after delivering three barges of coal here.

The Memphis passed into Tennessee river this morning about 3 o'clock. She had a good trip. Captain Jack Lane stopped off the Memphis and is in the city today.

Information comes from Memphis that no effort will be made to raise the log Ida. She sank in many feet of water, and is said to not be worth the cost of raising.

The Sam A. Conner, brought by Nashville parties, is here. She came out of Tennessee river from Chattanooga and proceeded up the Cumberland this afternoon.

SOMETHING DOING

HIGH OFFICIAL RIVETS HIS OPTICS ON THE "BOX CAR SPECIAL."

It is believed in local railroad circles that a transfer boat will now soon be sent to Paducah. It is said that yesterday when Assistant General Manager W. J. Hrabman was in Paducah in his private car a switch engine came along with a box car. The engine stopped at the depot and the passengers got out.

The official's eyes began to grow larger. "What is that thing?" he is alleged to have asked a trainman.

"That's the St. Louis train," one of the yard men replied with a twinkle in his eye and a secret joy in his heart. The official took another look and then hurriedly left. It is expected that something will drop, if it hasn't already dropped.

"I'm glad he saw it," one train man said afterward. "We've done all we could to get equipment, and I guess now we'll get it."

The only trouble here is that there is no transfer boat. When one is sent all trains can be handled as formerly.

BROKE INTO SCHOOL

BUT NOTHING WAS STOLEN, SO FAR AS KNOWN.

The High school was entered last night but fortunately nothing taken and very little damage done.

Entrance was effected through a side window which was broken out, and one door leading to the ladies' toilet room was broken in several places. The intruder or intruders did not seem to care to visit the upstairs portion as no evidence of their going on the upper floors could be found.

GETS EIGHTEEN YEARS.

Moorhead, Ky., March 25.—Harvey Moore was given eighteen years in the penitentiary for murder of Finn Tolliver.

Theatrical Notes.

One of the most popular attractions that visits our city is the famous Brothers Byrne's new "Eight Bells" which will be seen at The Kentucky tonight. This successful acrobatic pantomime comedy never grows old as each season so many changes are made, new pantomime tricks and features introduced that the annual visitor to "Eight Bells" is always surprised at the host of new novelties. This season there is no deviation from this rule as the comedy has been entirely rewritten, new characters introduced, new pantomime tricks invented and equipped with new scenery and effects.

"At Valley Forge" will be the attraction at The Kentucky Saturday matinee and night, March 26.

The Indianapolis Sentinel says:

"At Valley Forge" delighted a large audience last night. The scenes are laid in and around Valley Forge and historic Trenton at the close of the revolutionary war. The play possesses a stirring heart story, told in a logical and impressive manner.

Manager Walter Loftus of the "Eight Bells" Company, and wife are at the Palmer.

The "At Valley Forge" Company will close its season here this week.
